Andrew Campos co-owner and director of McKampos Tax Services (MATS) comes with over 18 years of proven local and international tax experience. He provides specialist tax advice in a wide range of tax optimization, compliance, planning and improvement.

Andrew graduated with a Bachelor of Business Administration degree from Singapore and is a fellow of the Association of Chartered Certified Accountants (UK).

He is highly qualified and well experienced in personnel, GST and corporate tax having worked at the Inland Revenue Authority of Singapore as well as with one of the world's largest public accounting firms in Singapore, Hong Kong and the United Kingdom. In his capacity he managed the compliance portfolio and provided tax advisory services. His clients included many of the world's largest corporate establishments.

Andrew with his cross-border international tax specialization is highly sought after particularly in Asia Pacific for corporate due diligence, structuring, mergers and acquisitions and inbound and outbound business taxation matters to name a few.

His hands-on management of major international tax related assignments from a client-benefit focused approach has made Andrew one of the leading tax specialists in his domain.

Notably, Andrew has successfully negotiated with tax authorities and other regulatory bodies for tax incentives and conclusion of cases, earning significant benefits to his clients. He has also led the tax aspect of multi-nationals entry and operations in Asia Pacific.

Andrew also advocated a change in legislation for international communications for a global trader. This was duly adopted and implemented. As a result of this work, Andrew was assigned as the preferred tax adviser for a spin-off fund manager of a major western government.

In addition to his successful practice, Andrew has co-authored tax publications and articles and is a speaker at many tax seminars. He has also been involved in preparing and presenting training courses.
